Forward Looking Statements

Statements contained in this presentation that concern Euronet's or its management's intentions, expectations, or predictions of future performance, are forward-looking statements. Euronet's actual results may vary materially from those anticipated in such forward-looking statements as a result of a number of factors, including but not limited to: conditions in world financial markets and general economic conditions, including economic conditions in specific countries or regions; technological developments affecting the market for the Company's products and services; foreign currency exchange rate fluctuations; the effects of any breaches in the security of our computer systems; the Company's ability to renew existing contracts at profitable rates; changes in fees payable for transactions performed for cards bearing international logos or over switching networks such as card transactions on ATMs; changes in the Company's relationship with, or in fees charged by, the Company's business partners; competition; the outcome of claims and other loss contingencies affecting the Company; and changes in laws and regulations affecting the Company's business, including immigration laws. These risks and other risks are described in the Company's filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K. Copies of these filings may be obtained via the SEC's Edgar website or by contacting the Company or the SEC. Any forward-looking statements made in this presentation speak only as of the date of this presentation. Euronet does not intend to update these forward-looking statements and undertakes no duty to any person to provide any such update under any circumstances. The Company regularly posts important information to the investor relations section of its website.
Defined Terms

Unless specifically noted otherwise within this presentation, the following terms are hereby defined as follows:

**Constant currency measures** are computed as if foreign currency exchange rates did not change from the prior period. This information is provided to illustrate the impact of changes in foreign currency exchange rates on the Company's results when compared to the prior period.

**Adjusted EBITDA** is defined as net income excluding interest, income tax expense, depreciation, amortization, share-based compensation expenses and other non-operating or non-recurring items that are considered expenses under U.S. GAAP.

**Adjusted cash earnings per share (Cash EPS)** is defined as diluted U.S. GAAP earnings per share excluding, to the extent incurred in the period, the tax-effected impacts of: a) foreign currency exchange gains or losses, b) goodwill impairment charges, c) gains or losses from the early retirement of debt, d) share-based compensation, e) acquired intangible asset amortization, f) non-cash interest expense, g) non-cash income tax expense, and h) other non-operating or non-recurring items. Adjusted cash earnings per share represents a performance measure and is not intended to represent a liquidity measure.

The reconciliation of non-GAAP items is included in the attached supplemental data.
