

Euronet Worldwide to Provide Amazon India with New Transaction Processing Services Through Euronet's REV™ Payments Cloud

February 6, 2020

LEAWOOD, Kan., Feb. 06, 2020 (GLOBE NEWSWIRE) -- Euronet Worldwide (NASDAQ: EEFT), a leading global financial technology solutions and payments provider, today announced it will provide integration and content aggregation services through APIs from its REV™ Payments Cloud to add mobile recharges, bill payments, gift cards, consumer software, and other offerings to Amazon India.

In addition to the transaction processing services, Euronet will also provide technology integration and reconciliation services for onboarding new billers and merchants onto the platform. The integration has already created an LPG cylinder booking category on Amazon with several more categories scheduled to launch in the coming months.

"We are very excited to partner with a global integrator such as Euronet," said Mahendra Nerurkar, Director of Amazon Pay. "Euronet's experience will be important to the success of onboarding new services on the Amazon platform. We are constantly working towards delivering an awesome experience for our customers and this partnership is a key milestone in the journey."

"Euronet has always been a leader for aggregating varied services through its local and global partnerships and also providing technology services to the leading ecommerce, fintech, and banking platforms in India," said Pranay Jhaveri, Chief Business Officer, Euronet India and South Asia. "We are eager to enable Amazon to quickly and easily add new billers and services for its customers. We believe this partnership will empower millions of Amazon customers to securely pay and consume existing and new categories of services."
