

## **Euronet Worldwide completes acquisition of RIA Envia, Inc., the third-largest global money transfer company**

LEAWOOD, KANSAS—April 4, 2007—Euronet Worldwide, Inc. ("Euronet" or the "Company") (NASDAQ: EEFY), a leading electronic payments provider, today announced the completion of its acquisition of RIA Envia, Inc. ("RIA"). With the closing of the RIA acquisition, Euronet has established itself as the third-largest global money transfer company, based upon the amount of money transferred. In connection with the closing of the RIA acquisition, Euronet entered into a \$290 million secured syndicated credit facility consisting of a \$190 million seven-year term loan and a \$100 million five-year revolving credit facility (together as the "new Credit Facility").

Under the terms of the purchase agreement announced on November 21, 2006, as amended, Euronet acquired 100% of RIA's common stock outstanding for \$380 million in cash, 4,053,606 shares of Euronet common stock, 3,685,098 contingent value rights and 3,685,098 stock appreciation rights. The initial value of Euronet common stock for purposes of the contingent value rights and stock appreciation rights was set at \$27.136333 per share, based upon the average of the daily high and low trading prices per share of Euronet common stock over the 30 trading days ending March 30, 2007. The \$380 million in cash was funded through cash from the Company's balance sheet and the net proceeds of the \$190 million seven-year term loan.

The \$190 million seven-year term loan bears interest at LIBOR plus 200 basis points or prime plus 100 basis points and contains a 1% per annum principal amortization requirement, payable quarterly, with the remaining balance outstanding due at the end of year seven. The \$100 million five-year revolving line of credit will be priced initially at LIBOR plus 200 basis points or prime plus 100 basis points, subject to a pricing grid that adjusts the spread each quarter based upon the Company's consolidated total leverage ratio. Euronet's new \$100 million five-year revolving credit facility replaces its existing \$50 million revolving credit facility.

The new Credit Facility may be expanded by up to an additional \$150 million in term loan and up to an additional \$25 million for the revolving line of credit, subject to satisfaction of certain conditions including pro forma debt covenant compliance. The new Credit Facility contains certain mandatory prepayments and contains customary events of default and financial covenants, including leverage ratios. The leverage ratios will step down over the next eighteen months thereby requiring the Company to reduce its leverage.

### **Forward-Looking Statements**

This news release contains forward-looking statements within the meaning of the federal securities laws that involve risks and uncertainties. Such forward-looking statements include the expectations, plans or prospects for Euronet. The statements made by Euronet are based upon management's current expectations and are subject to certain risks and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements. These risks and uncertainties include market conditions and other factors beyond Euronet's control and the risk factors and other cautionary statements discussed in Euronet's filings with the U.S. Securities and Exchange Commission (the "SEC") including but not limited to Euronet's Annual Report on Form 10-K for the period ended December 31, 2006. Copies of this filing may be obtained by contacting Euronet or the SEC. Euronet does not intend to update these statements and undertakes no duty to any person to effect any such update under any circumstances.
