- (1) Because a selling security holder may sell all or a portion of the Debentures and common stock issuable upon conversion of the Debentures pursuant to this prospectus, no estimate can be given as to the number or percentage of Debentures and common stock that the selling security holder will hold upon termination of any sales.
- (2) Includes shares of common stock issuable upon conversion of the Debentures.
- (3) The number of shares of our common stock issuable upon conversion of the Debentures assumes a holder would receive the maximum number of shares of common stock issuable in connection with the conversion of the full amount of Debentures held by such holder at the initial conversion rate of 24.7036 shares per \$1,000 principal amount of Debentures. This conversion rate is subject to adjustment as described under “Description of the Debentures — Conversion Rights” in the prospectus. Accordingly, the maximum number of shares of common stock issuable upon conversion of the Debentures may increase or decrease from time to time. Under the terms of the indenture, fractional shares will not be issued upon conversion of the Debentures; cash will be paid in lieu of fractional shares, if any.
- (4) Based on information provided to us by the selling security holder, such selling security holder is a registered broker-dealer and, as such, deemed to be an underwriter of the Debentures and the underlying common stock within the meaning of the Securities Act. We do not have a material relationship with such selling security holder, and the selling security holder does not have the right to designate or nominate a member or members of our board directors. The selling security holder purchased its Debentures in the open market, not directly from us, and we are not aware of any underwriting plan or agreement, underwriters’ or dealers’ compensation, or passive market-making or stabilizing transactions involving the purchase or distribution of these securities by such selling security holder.
- (5) Affiliate of a broker dealer, based on information provided to us by the selling security holder.

The selling security holders identified above may have sold, transferred or otherwise disposed of all or a portion of their Debentures or common stock since the date on which the information in the preceding table is presented. Information concerning the selling security holders may change from time to time and any such changed information will be set forth in prospectus supplements or, to the extent required, post-effective amendments to the registration statement.

Each selling security holder who is an affiliate of a broker-dealer has informed us that such selling security holder purchased the securities in the ordinary course of business and, at the time of the purchase of the securities, did not have any agreements or understandings, directly or indirectly, with any person to distribute the securities.
